Podsumowanie oferty

Application/Technical Architect

Gdańsk/Hybrid

Our client is a company that uses the newest technologies for the best solutions and creates new products tailored to the customers' needs, comprehensively meets their expectations and needs in the implementation of travel plans around the world. They successively implement development plans and look for an Architect for the team.

As an Architect you will be able to work with the developer team and the CTO to ensure the application development and platform are in the organization guidelines.

Duties:

- Collaboration with the Chief Technology Officer to review and maintain cloud costs by selecting the appropriate cloud services and size,
- Cooperation with product owners in the field of decision support regarding competitive requirements,
- Developing programming and strategies solutions that meet architectural goals and business needs,
- Cooperation with the entire team - developers, testers and infrastructure specialists,
- High-level and detailed architectural design,
- Verification and taking into account requirements such as scalability, performance and security when developing the solution architecture.

What are the requirements for this position:

- Experience with AWS, Java,
- GitOps,
- Microservices Architecture,
- Experience in high-traffic applications,
- Strong problem solving, analytical and critical skills,
- Deep understanding of information systems and business processes,
- Experience with cloud-base software implementations,
- Strong leadership and relations-building skills,
- Fluent English.

What the company can offer you:

- Any form of contract - UoP, B2B,
- 26 days off for a B2B contract,
- Private medical care fully paid by the company,
- Development budget (3000 PLN/year),
- Underground parking,
- Office located in Gdańsk,
- English lessons,
- Multisport.

If you feel that you should become a part of this organization - don't wait! Apply now via the form on our website or contact Karina by e-mail at k.przybyszewska@bingohr.pl
